

~ Please Save the Date ~

You are invited to an information sharing Open House
with MIG, Inc., the design consultant for the future

CITY OF SAN DIEGO

NORTH PARK MINI-PARK & ASSOCIATED STREETSCAPE IMPROVEMENTS PROJECT

Intent: Assist the design consultant and the City to
better understand your community and the
project area by identifying:

- Opportunities to be maximized
- Community assets to be built upon
- Key issues and challenges
- Legacy plans, documents and other
background information

Date: Thursday, April 28th

Location: Birch North Park Theatre
Upstairs Conf. Rooms, 2891 University Ave.

Please Note:

This is a chance for you to talk with the project design team on any
topic(s) you feel will be important as we begin preparing the
existing conditions analysis for the project. This 'Open House' is not
a Design Workshop/Charrette. The first Public Design
Workshop/Charrette will be held Saturday, June 4th, 2011. More
details will be coming soon!

If you are unable to attend the Open House, please send your
comments to: tschmit@sandiego.gov by April 29th, 2011.

other interested individuals or parties.

CITY OF SAN DIEGO
NORTH PARK MINI-PARK &
ASSOCIATED STREETScape IMPROVEMENTS PROJECT
~ SCOPE OF WORK ~

North Park Mini-Park:

This project provides for the design of a General Development Plan (GDP) for an approximately 0.50 useable acre, urban mini-park to be located between Granada Avenue and 29th Street, along North Park Way. The mini-park will be located behind the recently renovated North Park Theater and is expected to receive heavy community use as a central gathering space for passive recreational uses. The location of the park will provide a connection between the residential neighborhoods to the south and the Business District in which it is sited. Park amenities will be determined through the community input process.

Associated Streetscape Improvements:

This project provides for the design of a Streetscape Master Plan along Utah Street from University Avenue to Gunn Street, 29th Street from University Avenue to North Park Way, North Park Way from Utah Street to 29th Street, and Granada Avenue from University Avenue to North Park Way. Streetscape elements and amenities, as identified during the community input process, will tie the North Park Mini-Park and the future Jefferson Elementary School Joint Use Improvements together, providing additional areas for community interaction.

Public Design Workshop/Charrette Schedule:

The first Public Design Workshop/Charrette is scheduled to be held on Saturday, June 4, 2011. More details will be coming soon!
